

Mohler Technology is one of the largest and most experienced industrial rotating apparatus service providers in the United States. Our facility includes over 52,000 square feet of industrial service and manufacturing space. With over 50 years of experience and a knowledgeable staff with a commitment to quality service, Mohler should be your choice for electric motor service and products.

Mohler Technology is approved and certified to perform UL Listing repairs, MSHA repairs and explosion testing, and is a longstanding member of the Electrical Apparatus Service Association.

### Rotating Apparatus Repair

#### Electric Motor Services

- Motors from fractional to 200,000 HP
- AC/DC, wound rotor and synchronous
- In-shop reconditioning, repair, rebuild, load testing, and redesign
- On-site testing, repair and rewinding
- On-site dynamic balancing and laser alignment
- Turn-key (removal, repair, reinstallation)

#### Mechanical Services

- Centrifugal pump repair
- Gearbox repair
- Blower repair
- Complete machine shop services

### Predictive Maintenance Services

#### Electric Motor Testing and Trending

- Motor Circuit Evaluation (off-line)
- Current Signature Analysis (on-line)

#### Vibration Analysis

- Vibration data collection and analysis

#### Bearing Analysis

- Shock Pulse Method bearing analysis

#### Infra-Red Thermography

- Thermographic imaging and reporting

#### Oil Sampling

- Lubrication sample collection and analysis
